

Perfectly Natural, Pure Maple Sugar

An authentic and healthy alternative sweetener, pure maple sugar is a fast-growing flavor profile in high demand with today's consumers.

For eight generations now, Bascom Maple Farms has supplied consumers and manufacturers with high-quality maple, making us America's leading manufacturer of 100% pure and organic bulk maple sugar.

.....

Our Pure Maple Sugar offers:

- Multiple granule sizes, from free-flowing granules to powder
- Consistent flavor and grade quality
- Year-round availability
- Organic and conventional options available

WHY MAPLE SUGAR IS A PREFERRED INGREDIENT

Containing antioxidants, minerals, and plant compounds, maple sugar is one of the healthiest sweeteners available. It's a clean label ingredient that adds a complexity of flavor to every recipe. And because it's a dry ingredient, there is a minimal amount of recipe reformulation needed.

Pure maple sugar is an all-natural premium sugar that is 100% soluble in water. Pure standard maple sugar is light brown in color and has a sweet, clean maple flavor and aroma. This natural, single ingredient product is ideal for clean label applications, called out as 100% pure maple on your label.

Pure Maple Sugar Organic & Natural

Uniquely versatile and delicious, our Pure Maple Sugar is a delicious and healthy alternative to other sweeteners.

Manufacturers currently use our maple sugar in:

- Baked goods
- Sausage
- Cereals
- Snack bars
- Protein bars
- Spice blends & rubs
- Chocolate
- Yogurt and more
